FOR IMMEDIATE RELEASE

155,000 sq. ft. of Appliance Buying Power Opens.

Findlay Twp, Allegheny County, Pa. (Nov 20, 2009)

In the midst of inventory delivered by 50 semi-trucks on Friday, Appliance Dealers Cooperative (ADC) celebrated the

Grand Opening of its new warehouse in Findlay Township with a tour for local and state dignitaries and member dealers. The \$10.5 million 155,000 square foot facility is now home base for the member dealers in Pittsburgh and the surrounding region.

In five short months, the project that involved assistance from state and county economic development teams was built by Al. Neyer, Inc., of Cincinnati.

The presence of this new energy efficient warehouse will enable ADC to bring new jobs to this area by securing the survival of the independent appliance dealers in the state of Pennsylvania.

ADC has a noble mission, which is to enable and empower the independently owned retailer to be able to compete with the big box stores through larger buying power and better discounts and rebates. Because it is a non-profit cooperative, the members are the owners.

For more information about Appliance Dealers Cooperative and its member dealers, please call Sean Butler 732.425.2071 or go to **www.poweredbyadc.com**.
